Eagle - great initiative and daring; a life that is not easy; a symbol of an initiate. An eagle means a loner initiate; **(dc)** - initiate, the Teacher. **(IS)** - Master R (Rakoczi): Ritual - Light Stream #7.

Eagle (young) - probationary initiate.

Eagle (brown) - initiation through earth matters and conditions.

Eagle (white) - spiritual initiation.

Ears - are highly sensitive constellation antennas for the lesser etheric body.

Ears (messages from angels):

- **Ear (right center)** - when one feels a **tingling sensation or warmth** *within the center* of the right ear, this is an approving signification that the angels watching over his spiritual progress are working to screen out the negative. This powerful asset of constellation nadi power is protective and is a form of time-saving grace.
- **Ear (right higher most exalted portion)** - if the *higher most exalted portion of the ear becomes intensely warm or electrified*, one should know that he has extreme approval for an act or for a condition. This invariably denotes a spiritual blessing.
- **Ear (right inner opening)** - if it pertains to a place or a work of grace one is to receive, the **vibration** is felt in the *inner opening of the ear*.
- **Ear (right lobe)** - if **tingling or warmth** *occurs in the lobe* of the right ear, the angel is saying that one is fulfilling a certain positive action in the physical world. This means that one has turned in the right direction and that what he is doing is approved by the angelic worlds; it also may mean good news or positive telepathies from physical persons.
- **Ear (right lower tip of the lobe)** - if a feeling of **warmth** *in the lower tip of the lobe* of the right ear is experienced, the harmony or guiding circumstance affirms the green light for a place or location where one is to be, or to have a physical thing one desires.
- **Ear (right orifice)** - should he receive the **tingle** *in the orifice* of the right ear, his Guardian Angel is telling him that he is to have an audible confirmation of acceptable good, and that some form of praise in the physical world will help him to spread his work.
- **Ear (right upper portion)** - should the **tingle** *occur in the upper right part* of the right ear,

one is being shown that his prayers have been answered, and that he is reinforced by heaven; that he is on the threshold of doing something which will open grace for him and his works; he is being given good news or positive telepathies from the higher worlds.

- **Ear (left)** - the accent upon **vibration** is also to keep one from doing something wrong, beginning something that will be an unnecessary waste of time or energy, or alerting one to negative or selfish persons whom one will meet for the first time.
- **Ear (left orifice)** - when **tingling or warmth** is felt in the orifice of the left ear, one is being evilly spoken of by negative persons or tongues, or he is on the verge of receiving unpleasant news or communication from a negative source.
- **Ear (left upper portion) - insistently itches or tingles**, this is a symbol that one should pray to be protected from subtle, unseen forces; he should search himself to see if there is any cupidity or acquisitiveness in his mind; it also is a warning of negative telepathies. The Guardian Angel is alerting the person that he is under a negative barrage from the subtle worlds, and thus could have an accident or experience some unpleasant occurrence.
- **Ear (left upper portion: while traveling in vehicle)** - if the warning **tingle** comes while traveling in a vehicle, he is being warned that he is in danger of an accident due to the carelessness of an approaching driver, or some other form of accident caused by a person who could be used by the forces of dark to commit violence on one's physical person.
