

N Symbols

Nail - symbol of Jesus crucified.

Naked / Nude (ark) - naked or primal truth; no facade or pretense.

Navel - to see the navel in a dream symbolizes that one is researching old Egyptian secrets pertaining to the care of the dead, and that one is researching the lower solar-plexus levels of memories of the darkened side of ritual; also denotes the connective processes between mother and child. The navel is the center of the solar plexus. The solar plexus element is plasma. It is the center for the primal brain where one sees instinctively. Negatively, the navel or solar-plexus center is the symbol for greed. The positive use for the solar plexus is pure primordial sight, giving healing and vitality to the four bodies.

Neck (arched) - to dream of a swanlike or arched neck indicates that the person has certain passive tendencies and floats with the current of life rather than swims with it.

Neck (back of) - to see the back of the neck in a dream means that one should pay attention to hidden or unmonitored thoughts.

Neck (broken) - a symbol that one is in danger of losing his mental poise; also means karma of past-life betrayals of the light.

Neck (corded with muscles) - is a symbol of brute force, impenetrableness.

Neck (falling back in surrender) - receptivity.

Necklace (jeweled) (ark) - one has rare spiritual powers in balancing cosmic energy.

Nectarine - fruits grafted by man, such as the grapefruit and nectarine, are used as symbols in dreams to indicate that one has removed himself from the first source of original ideas and is being mentally divided by counter idea-streams.

Needle - symbol of eyebrow center. To go through the eye of a needle in a dream indicates that one has successfully released himself from the physical body to night-flight. To dream of the

needle as sharp and piercing indicates that one should guard his tongue and his words; also, to mend one's ways.

Neptune Green - signifies a will initiation. A pure healing flame of greenish fire seen in the aura of a Neptune (Pisces) initiate. *The Neptunian fire is a healing, cauterizing, purifying fire.*ⁱⁱ This color may also be seen in dreams when one is preparing to be initiated under the planet Neptune. All spiritual healing and instruction are reinforced by the cosmic colors. One's etheric body and higher emotions become receptacles of cosmic light, vibration and color. From this they become a daytime channel and presence of healing love. *When Neptune is in a fire sign as in Leo, Aries, or Sagittarius, the colors experienced in initiation are lettuce-green and magenta.*

Neptune Green (in earth sign of Capricorn) - produces organization of a rare and unique order.

Neptune Green (in fire sign of Leo) (ark) - purifies the heart for the ethical use of power.

Neptune Green (in fire sign of Sagittarius) - produces initiations purifying and overcoming the fantasy and restlessness of the mind.

Nose (smells repugnant odor) - the symbol of scandal with unpleasant results.

Nose (smells sweet fragrance or perfume) - symbol that one has touched the Holy Presences of heaven and is being healed through the ministering fragrances of the saints.

Nose (smells sensuous perfume) - in a dream this symbolizes that one is being astrally exposed to adulterous levels of sensuality, or one may have opened one side of the pituitary portal of psychic sensitivity.

Nose (surgery on) - symbolizes that one is undergoing a correction for inquisitiveness, curiosity, intrusiveness.

Nostrils (constellation ecstasy) - when both nostrils receive constellation ecstasy (etheric touch) simultaneously from the Guardian Angel, it is the symbol confirming an approaching blessing.

Nostril (etheric touch on left) - one's Guardian Angel is warning him that his intuitional sense of direction is faulty. He is being advised by his Guardian Angel to analyze the prudence of his thought, motive and action.

Nostril (etheric touch on right) - one is being told by his Guardian Angel to go ahead; this is a "green light" signal from the higher worlds.

Nostrils (intense itching) - when one has intense itching of the nostrils, giving off a feeling of pleasant anticipation at the lower tip of one's nose, one is being alerted as to an approaching event which in some manner has an important bearing upon his spiritual life.
